

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since nineteen fifty nine. Whether the task involves positioning heavy steel, landing loads on scaffolding or transferring loads, utilizing a Lull telehandler would help make the task go faster and easier. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement functionality. There are even various optional Lull accessories for their telehandlers in order to help complete whatever job.
